1. Headaches, migraines, Tmj pain, stress, and other head and cranial pain. We recommend using the e-Pulse® Auricular Ear Clips. You can also use small massage pads on the back of your neck, or over your temo mandibular joint. Refer to the manual for recommended CES therapies.

5. Abdominal pain or strengthening. Common causes: injury, cramps, exercise, fatigue, and others.

17. Tricep pain or strengthening. Common causes: injury, cramps, exercise, fatigue, and others.
